Mrs. and Miss Corbett Have Hearing Before Judge.

TWO YEARS IN ST. ELIZABETH'S

Mother, Daughter, and Family Physician Deny that They Harbored Delusions-Rev. Dr. Hamlin, of Church of Covenant, Tells History of Case-Did Not Dwell on Suicide.

A number of spectators, mostly women gathered in Equity Court No. 2 yesterday to hear the case of Mrs. Caroline Francis Corbett and Miss Cornelia Lydia Corbett argued before Judge Gould. The two women have for more than two years been confined to the insane asylum at St. Elizabeth's, and appeared yesterday with a petition to obtain their release.

The attorneys for the plaintiffs were Messrs, Birney, Evans, and McNeill, while Frederick A. Fennell, who is a committee of one appointed to look after Mrs. Corbett's financial affairs, represented those who were instrumental in having the women sent to the asylum. The jury was brought in from Criminal Court No. 2 to act in the case.

The specific form of insanity with which it is said both Mrs. and Miss Corbett suffer is delusionary. They are represented as laboring under the hallucination that some persecution of them is being constantly brought about by some agents whom the women signify as the imper-conal "they." The husband of Mrs. Corbett died some years ago, leaving his es tate in such an involved condition that the women were almost penniless and entirely dependent on friends for main

Miss Corbett's Life at Asylum,

Miss Cornelia Corbett was the first witness, after the jury had proved satisfactory to both counsels and was duly sworn in. She testified that the first intimation she had received of her removal to the asylum was when Dr. Burritt, a woman physician, came to her home at 304 Seaton street and told her she would have to go away. Shortly after this, she stated, a policeman and plain clothes man came in an ambulance and conveyed both herself and her mother to St. Elizabeth's.

Her testimony further brought out the whom she had seen before, called at her they did. home and asked her questions concerning her father's estate, both claiming to be lawyers. She further testified that shvas allowed no witnesses at her former their life at the asylum is spent mostly on fancy work which they sell to friends, and for the sale of which they are al-lowed to come into Washington unat-
